NUMBER 180.

IRELAND WILL MOURN

During the Days of Celebration of King Edward's Coronation.

BLACK FLAG WILL BE DISPLAYED

District Council of Clara Morris Ralls Against the Government Responsible For Famine, Coffin-Ships and Castle Rule.

London, June 21.—The United Irish League is preparing to keep coronation day as a "day of mourning for Ireland." The district council of Clara Morris, county Mayo, has resolved to hoist a black flag over the council chamber June 26 and 27 and has issued an invitation to the other councils to join in thus celebrating the "coronation of the English king to whose government the people of this country are so much indebted for famines, coffin-ships, coercion and castle rule."

Emperor William's Speech.

Aix-la-Chapelle, Prussia, June 21.—A striking speech was delivered by Emperor William at the city hall after his arrival from Bonn, accompanied by the empress and the crown prince, Frederick William. After observing that the city was the cradle of the German empire, Charlemagne, on whom Rome conferred the dignity of a Roman Caesar, having fixed the seat of government, here the emperor said: "What, however, his powerful personality was able to effect, namely combining the office of a Roman emperor with that of a Germanic king was denied his successors who striving to uphold the world-wide imperium, forgot the cause of Germania, so that little by little the German king and people decayed, the Roman empire of German nationality fell to pieces. Now, however, another empire has come to life and its tasks are different from those of ancient days. Confined in their outward limits to the borders of their country the Germans have settled down to the work which has fallen upon them. But it must not be forgotten that the empire was rooted in simplicity and fear of God. I look to all, priests and laymen, to help uphold religion among the people in order that the German name may preserve its health and strength. This applies equally to the two creeds, Catholic and Protestant."

SATISFACTORILY SETTLED.

Congressman Burton Will Remain on Ticket at Cleveland.

Washington, June 21.—Senator Hanna and Representatives Burton and Dick held a conference over the controversy over Burton's accepting the renomination from the Cleveland district. After the conference it was stated that a satisfactory adjustment was assured and that Burton would remain a candidate. Although another conference is to be held, it is expected that the basis of settlement will be that the county committee will conduct the county campaign and that Mr. Burton will organize the congressional committee to conduct his campaign.

Jury Completed.

Eldorado, Kan., June 21.—A jury to try Jesse Morrison for a third time for the murder in June, 1900, of Mrs. Castle, was completed by a week's effort and the taking of testimony was begun. Miss Morrison killed Mrs. Castle by slashing her throat with a razor. The first jury disagreed and the second found her guilty and assigned her punishment at 10 years' imprisonment. This verdict was reversed on a technicality.

Quiet In Wyoming District.

Wilkesbarre, Pa., June 21.—Extreme quietness continues to prevail throughout the Wyoming region. Strike headquarters presented a deserted appearance all forenoon, and district leaders with the exception of President Mitchell being scattered through the coal belt. There was no change noticeable in the working forces of the coal companies, very few, if any, yet being brought out in this valley.

Plaintiffs Sustained.

St. Paul, June 21.—Judge Bunn has sustained the contention of the plaintiffs in the suit of W. Melbourne McDowell and May D. Seymour, as executor of the estate of the late Fanny Davenport McDowell, against Clarence M. Brune, the Clarence Brune company, L. N. Scott and C. E. Beech to annul the alleged sale of the plays and compel an accounting of the profits from their production.

Gift of Carnegie.

Lawrence, Kan., June 21.—Andrew Carnegie has offered \$25,000 to the city for a library on the usual terms.

A VIRGINIA STATESMAN

Criticises the Administration's Policy in the Philippines.

Washington, June 21.—The consideration of the Philippine civil government bill was resumed in the house and Mr. Jones (Va.) resumed his speech. He argued that under the provisions of the bill the friar lands which the government was to purchase, would find their way into the hands of the corporations. He declared that, in his opinion, it would be better for the Filipino people to live under the present hybrid rule than to have imposed upon them the civil government proposed by the pending measure, which would enslave the civil government to dispose of all the valuable franchises in the islands, to strip the forests of their timber and to sell the agricultural lands to corporations and syndicates. Mr. Jones took up the charges made against General Smith and Major Waller of cruelty in Samar.

"Why is it," he asked, addressing the other side of the chamber, "that you criticise and court martial Schley, but you will not touch a hair in the head of those who have confessed to participating in the diabolical outrages. Why criticise an officer of the navy, and refuse to listen to criticism of an officer of the army? It is not the soldiers who should be held up to execration," declared Mr. Jones, "but those who ordered such outrages and those cowards who seek to smother them." Mr. Jones was warmly congratulated by his party colleagues as he closed his speech.

Exodus of Diplomats.

Washington, June 21.—The usual summer exodus of the diplomatic body is about to begin in earnest. Ambassador Cambon will depart for France Sunday next, Ambassador Aspiroz will go to Mexico some day next week and Minister Brun will start for Denmark and Minister Pioda for Switzerland about the same time. Minister Wu has received Chinese newspapers containing copies of the edict which announced his appointment as one of the ministers to adopt a code of foreign laws to the Chinese practice, but he has not yet received the edict itself. The minister does not think the assignment will involve his return to China, as much of the work can be done here.

Class Day at Harvard.

Cambridge, Mass., June 21.—The annual class day exercises of Harvard university were held. The class oration was delivered by Roscoe Conkling Bruce of Tuskegee, Ala. Bruce is a colored man and is going into educational work in the south. The Tasty Pudding club held its "spread" immediately after the literary exercises. Later in the day the seniors assembled around the old tree for their private exercises. Gifts were made to various prominent members of the class, owing to their peculiar talents or achievements. The ceremonies around the John Harvard statue attracted a great throng.

To Scale Down Stock.

New York, June 21.—It is planned to put the Distilling Company of America through a process of reorganization. If plans, now formulated, are a success, there will be a large reduction in the securities of the company. The present capitalization of the company consists of \$31,250,000 of preferred stock and \$46,427,000 of common stock. All of this it is proposed shall be retired and scaled down in a new issue of stock amounting approximately to \$32,000,000.

Preparing Official Documents.

Rome, June 21.—The papal secretary of state, Cardinal Rampolla, assured the Rt. Rev. Thomas O'Gorman, bishop of Sioux Falls, S. D., that the vatican accepts the propositions of Judge Taft, governor of the Philippine islands, regarding the disposition of the friar lands, on all the main points, but dissents on minor points. The official documents are being prepared at the vatican and will be delivered to Judge Taft soon.

A Double Tragedy.

Valley City, N. D., June 21.—Jennie Daley was shot and killed by William Bennett, her partner in a restaurant, who then committed suicide. The affair occurred at midnight and Bennett fired six times at the woman after a violent quarrel.

Silk Factories Closed.

Union Hill, N. J., June 21.—Every silk factory in Union Hill with one exception was closed. The owners decided not to attempt to resume operations for the present owing to recent disturbances.

New York, June 21.—A cargo of bituminous coal is on its way from Wales. It is being brought here as an experiment. The cargo, which consists of 4,000 tons, will be put on the market, it is said, at \$5 or \$5.50 a ton.

COLLISION ON RAILS.

Wreck of Two Passenger Trains on the Northern Pacific Road.

A NUMBER OF PEOPLE ARE KILLED.

One Passenger From Indiana Thought to Be Fatally Injured. Accident Caused by Mismatched Switch.

Staples, Minn., June 21.—A collision occurred at Lower Lake Siding, two miles west of here on the Northern Pacific between No. 7 passenger, westbound, and No. 8 passenger, eastbound. Engineer Scott of No. 7 took the siding, expecting No. 8, which had the right of way, to pass. The latter believing everything clear, came along at a high rate of speed. The switch, however, had in some way, not yet explained, been turned and No. 8 dashed into the waiting train. All the passengers escaped injury except Harry Ziegler of Hammond, Ind., in the smoker of No. 8, which was telescoped. He received serious internal injuries and was taken to the hospital at Brainerd. The dead are: Conductor Noble of No. 8; George Rasmussen, fireman No. 8; Walter Scott, engineer No. 7; unknown tramp on No. 8; Ernest Schultz, engineer No. 8; Moeller, baggageman No. 8.

Besides these, W. H. Montgomery, fireman of No. 7 and Express Messengers Gibson and Piedrick, were badly injured.

The wreck caught fire but the passengers formed a bucket brigade and kept the flames under control for a time. But at 4:30 the work was given up and the fire burned four coaches and three or four mail, express and baggage cars.

Engineer Scott's body has not yet been recovered, and it is thought that two or three mail clerks and baggagemen are not yet accounted for.

At noon General Manager Cooper of the Northern Pacific, said that his latest reports showed four employees killed and three employees injured, one tramp killed and four passengers slightly injured, making a total of 12 killed and injured. All the injured have been taken to the hospital at Brainerd. The body of Conductor Mueller previously reported missing, has been found, but Engineer Scott is still missing and believed to have been killed. It has been impossible yet to verify the names.

LORD BERE FORD

Seathingly Criticises the Management of the English Navy.

London, June 21.—During the discussion of the navy estimates in the house of commons, Rear Admiral Lord Charles Beresford, Conservative, scathingly criticised the deficiencies of the navy. He declared the whole admiralty system was rotten and led to great extravagance and there was a general want of efficiency in the navy on which depended the existence of the empire. This was the judgment of all the commissions of inquiry and had been proven a fact. Every increase in the number of ships and every improvement in them had been the result of outside agitation. As the result of such agitation, the British Mediterranean fleet was now a fourth stronger than a year ago.

Murderer Hanged.

Brandon, Manitoba, June 21.—Walter Gordon, who was convicted at the spring assizes here for the murder of Charles Daw, a young Englishman, and who also confessed to the murder of Jacob Smith, Daw's hired man, was hanged here. The prisoner manifested the greatest sang froid to the end. Gordon had arranged to purchase Daw's farm, but when the time came for completing the bargain he lacked the money. He took possession of the farm and held it for some time, but fearing detection fled to Dakota, where he enlisted in the United States army. Afterwards he deserted and going to Halifax enlisted in the Second Mounted Rifles for South Africa. He was arrested just as he was embarking.

Young Woman Murdered.

Meridan, Mass., June 21.—Every officer in this section is guarding the roads and trains looking for the assailant and murderer of Miss Bartfield at Lusk, Chotaw county, Ala. The young lady was found with her throat cut and the evidence showed that she had made a desperate fight before yielding life and honor. The crime has been traced to a negro named Charles Odom.

Washington, June 21.—The senate agreed to the conference report on the military academy bill thus finally disposing of the measure.

AN ARTISTIC SUCCESS.

Delightful Entertainment at Hon. and Mrs. W. H. Cox's Hospitable Home Last Evening.

One hundred and forty persons gathered at the beautiful home of Hon. and Mrs. Wm. H. Cox last evening to enjoy the program arranged by the King's Daughters of the Church of the Nativity, for whose benefit the proceeds were to go. The artists were unusually fine in their respective lines, and with no disparagement to those who come from large centers our Maysville contingency stand the peer of any.

Mr. Wood, who formerly lived at Vanceburg and who is a nephew of Miss Lottie Wood, but who now lives in Kansas City, opened the program, giving a choice selection from Fra Graciano. Other selections were from Shakespeare, with the two last from Poe and Rostand. He carried the interpretation with marked ability. His voice is flexible, resonant and mellifluous. His wife gave the piano accompaniment.

Miss Florence Hays sang "I Love Thee, I Adore Thee," in her gracious style and delicious voice. She was strongly applauded and gave "Life's Story" as an encore. Miss Lida Berry accompanied her.

Miss Young gave only one selection, but it was splendidly done. She surprised her admirers and charmed the whole company.

Miss Wadsworth was the other stellar light of this galaxy of stars. Her voice is glorious, and she sings with the true touch of one richly endowed of God and nobly capacitated to guard and treasure it. Each song was loudly encored, and her magic spell entranced all. Miss Florence Rogers was her accompanist.

Refreshments were served to all and the evening was a financial and an artistic success, the coffers of the church receiving about \$35.

SERVED HIM RIGHT.

Cincinnati Drummer Puts a Burly Ripley Negro Out of Business With a Club.

James W. Johnston, a traveling man for a Cincinnati queensware firm, had an exciting experience with Omer Gaines, the negro porter of the Bank Hotel, Ripley, Thursday.

As a C. and O. train, bound west, reached South Ripley Mr. Johnston, with other passengers, stepped off. The porter grabbed Mr. Johnston's valise roughly and pushed the gentleman dangerously near the train wheels.

After Mr. Johnston's protestation the negro became enraged, and an old gentleman, who was a fellow passenger, slipped a big hickory cane into Mr. Johnston's hands, and the latter promptly knocked the negro into insensibility. More furious than ever, after recovering, Gaines tried to interfere with the start of the train. The conductor went back after his gun and announced to the fellow that he must step off the track or take the consequences. Gaines stepped off. Gaines served a term in the Lancaster (O.) Reform School.

PIRATES WON.

Local Ball Team Defeated the Flemingsburg Club Friday Afternoon.

The game of base ball Friday between the Flemingsburgs and Pirates was a hotly contested one. The visitors succeeded in reaching home in but two innings. Notwithstanding the threatening weather there was a good crowd. Such games as that played will soon get Maysville started again. Rosenham, during the time he pitched, received good support. Here is the score:

Innings.....	1	2	3	4	5	6	7	8	9
Flemingsburg.....	0	1	4	0	0	0	0	0	5
Pirates.....	0	0	1	1	0	0	1	3	7

Struck out by Hauke 2, Rosenham 7, Duley 9. Base on ball by Hauke 6, Rosenham 3, Duley 9.

Archie's Pony Stolen.

New York, June 21.—Archie Roosevelt, the 8-year-old son of the president, his pony and a negro have stirred Oyster Bay by getting mixed up in the vagaries of the last mentioned of the trio. The negro, whose name is Levy, began by going into the local bank and taking money belonging to a depositor and running into the street. He was captured and the money taken from him. Levy then went to the postoffice, where Archie Roosevelt appeared on his pony. Levy stepped up to the president's son and asked to hold his horse. When young Roosevelt entered the postoffice the negro jumped on the pony's back and made off. He was captured by citizens before he had gone far and was locked up.

TROOPS ON THE SCENE

City of Paterson Is Guarded by the Essex Troop of Cavalrymen.

CROWDS ARE PROMPTLY DISPERSED.

The Employes of All the Mills Which Have Opened Are Supplied With Firearms to Protect Themselves.

Paterson, N. J., June 21.—The Essex troop of cavalry of New York arrived here and proceeded at once to the armory. The streets were lined with people while the cavalry proceeded toward the armory, but there was no demonstration of excitement of any kind. Contrary to expectations an order was issued ordering the local companies of the national guard to report for duty. It had been expected that only troops from other cities would be called upon to do strike duty here.

A number of silk mills opened at the usual hour, the owners relying upon the promise of the mayor that troops would be called out to protect property. At all the mills that started up policemen, firemen or deputy sheriffs were on guard, and every crowd that gathered at any of the plants was promptly dispersed. The orders of the mayor are that no gathering of people shall be permitted in the street and these orders are being fully carried out by the force at his command. In addition to the silk mills two dye houses were opened up. At these places the bosses went to work assisted by nonunion dyers and helpers.

At the mills that were opened the employes were supplied with arms and ammunition to protect themselves and their employers' property in case of attack.

Arbitration Proposed.

New York, June 21.—The Italian chamber of commerce has decided to try to arbitrate the difference between the striking silk dyers of Paterson and their employers. At a secret meeting of that organization many of the members, who are silk importers, whose business is affected, a committee of four was appointed to visit Paterson and confer with the city officials, the strikers and the mill owners and to offer to act as arbitrators or in any other acceptable way lend the help of the Italian business men toward the settlement of the strike.

Barton's Views.

London, June 21.—In an interview on the subject of the forthcoming colonial conference, Edmund Barton, premier of Australia, said he considered that an imperial customs union was not within the bounds of practical politics, though it might be possible many years hence. Free trade within the empire would deprive the young community of their main source of revenue, namely the customs, and render it impossible to carry on their internal government successfully. Mutual tariff concessions within the empire stood on a more practical basis.

Just Tired of Life.

Waynesville, O., June 21.—In looking over the personal effects of ex-Postmaster Jonas Janney, who committed suicide by sending a bullet through his brain, the following hastily pencilled note was found: "Just tired, tired. No ill will against anyone. My books are as near right as I know how to keep them. Have no fear in meeting my God. Have never intentionally done anyone a wrong. Goodbye, all."

Not Sighted Yet.

London, June 21.—The agents of the American line have heard nothing from the report in circulation that the steamer Belgenland of that line, which left Queenstown for Philadelphia, was returning to the former port. Dispatches from Queenstown say that vessels which have arrived there have not sighted any disabled steamer. The report regarding the Belgenland is now believed unfounded.

Rain at Ascot.

London, June 21.—The return of the rainy weather dampened the spirits of the occupants of the country houses at Windsor and around Ascot and the attendance at the races was in no way comparable with that of the early days of the Ascot meeting. The Ascot highweight stakes was won by Victor Don, ridden by J. Reiff of America.

Guthrie, O. T., June 21.—The authorities of Pottawatomie county are investigating the death of Arthur E. Pelore, 14, near Shawnee, alleged to have resulted from attempts of several companions to treat him with the "water cure." He was submerged in the Canadian river until his lungs and stomach were filled with water.

DEMOCRATIC love feasts are being held elsewhere as well as in Maysville. At the dedication of the Tilden Club House in New York Thursday evening the old time enemies, Cleveland and Hill, were among the speakers, and the greatest harmony prevailed.

THEY have their troubles elsewhere as well as in Maysville. The Enquirer says: "There was a highly exciting scene at the High School commencement Thursday night in Newport. During the exercises several members of next year's graduating class showed their sympathy for Prof. Burke by calling on him for a speech. President Leonard, of the Board of Education, stated that Burke was not down on the program for a speech. This remark seemed to incense the boys, and they made known their displeasure by hissing. The affair created all manner of excitement for a time."

THE race problem is troubling some of our Northern people as much as it does the South. Within two weeks ten negroes have been driven from Decatur, Ind., once a station on the "underground railway." One now remains in the town, and he has been warned to leave. The place is said to be kept clear of negro citizens by a secret organization that has worked against the race for thirty years. At Portsmouth this week the white employees in a manufacturing plant went out on a strike when some negroes were put to work with them. The great trouble with the negro race is that the majority are so trifling they are not wanted anywhere.

D. HUNT & SON

PRIMARY ADVOCATED

For Selecting Democratic Nominees for State Offices—Claim Made That It's the Fairest Plan.

Attorney Lewis McQuown, of Bowling Green, one of the best known men in Southern Kentucky, and frequently urged to run for Governor, makes the following statement as to why he thought the Democratic candidates for State offices should be nominated by primary election:

"The proposition for a primary election for the nomination of candidates for State offices, in my opinion, will meet with the approval of the rank and file of the party.

"It is confessedly the fairest way to ascertain the choice of the people. It will remove the greatest source of dissatisfaction and destroy all possibility of bolting. The plots and counter plots, hatched in the fertile brains of scheming politicians in and about the conventions will have no place or influence in the settlement of the claims of rival candidates. The slate makers will go out of business. Every candidate will know that his claims will be passed upon by the people at the polls. He will not be nominated or defeated in a caucus held by a half-dozen politicians the night before the convention. The officials are the agents and servants of the people and hold practically an irrevocable commission for a stated period.

"The qualifications and fitness of each candidate should therefore be passed upon by the citizens themselves. This can be done alone by a primary election. All elections should register the will of the voters. There is but a remote possibility of a failure in this respect in a primary. In the convention there are many chances against it, besides numerous controversies arise and much friction often results from the action of the convention, and which follows the successful candidates to the polls.

"The matter of expense is no objection.

The party authorities have the power to make it considerable. The Democrats of other States have used the primary with satisfactory results. There has been no complaint in Georgia or South Carolina about the expense. Kentucky Democrats are able to pay for a primary as our brethren are in these and other States. I fear that the real ground of complaint, if any, by those who oppose the primary, is made in the interest of some possible candidate who may be strong in caucus or convention, but weak before the people."

Harrison DeAtley is critically ill at Portsmouth.

The C. and O.'s earnings the second week of June showed a decrease of \$68,247.

Mr. Gus Wormald, who has been with Uncle Sam's army in Cuba the past two or three years, was mustered out at Fort Thomas Thursday, and is expected home in a few days.

There will be no preaching at the Methodist Episcopal Church, South, in Washington Sunday morning. Rev. J. J. Dickey will preach at the usual hour Sunday evening.

R. C. Hill has announced his candidacy for Railroad Commissioner to succeed John C. Wood in this district. Mr. Hill was twice elected a member of the Kentucky Legislature, was Sergeant-at-Arms during the session of 1895 and was a nominee for Congress from the Tenth district in 1890.

Four Kentucky railroads will consolidate July 1st with a capital of \$4,800,000, and will be known as the Lexington and Big Sandy Railroad Company. It will operate 188½ miles of track. The roads are the Elizabethtown, Lexington and Big Sandy, 124 miles; Kentucky and South Atlantic, 19½ miles; Ohio and Big Sandy, 51½ miles, and the Ohio River and Charleston, 8½ miles. Mr. Garrett B. Wall, a son of Judge Wall, of this city, is one of the directors of the new company.

THE BEE HIVE

Did it ever occur to you? What!
To figure on the cost of Sheets, Pillow-Cases and Bolsters, then go to the Bee Hive and price them. We think we can easily convince you that we sell them ready-made just as cheap as you could purchase the material.
Figure on the price of making a new waist or wash skirt, then come to us and see if we can't save you all the worry and trouble of making.
We know we can.
We have a SPECIAL BARGAIN in men's Half Hose. See our East Window. We expect to sell a quantity of these on SATURDAY NIGHT.

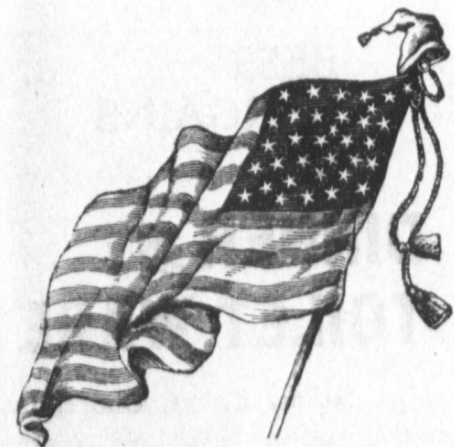

MERZ BROS

It is rumored the Bay Bros. have bought or are about to buy the Bonanza, Stanley and Tacoma of the White Collar Line and that the latter company will abandon the up-river trade.

We are offering watches and diamonds at \$10 to \$15 less than our competitors. Solid silver and cut glass, the largest assortment in the city, at a sacrifice.
CLOONEY & PERRINE.

The Last Day

Of our guessing contest is drawing near. July 1st marks the end of this interesting event. At the close of business on that date the large Flag will be turned over to a committee who will count the stars which cover its surface. It will probably take a day or two to make a careful count. However, on JULY FOURTH, at 10 a. m., the figures representing the number of Stars on the Flag

will be posted in our show window, together with the names of the successful prize winners.

See the big Flag on the inside of our store and try to count the stars. If you can't count 'em, GUESS 'em.

In the BULLETIN's article Friday in reference to the Thomas damage suit, the statement that the accident resulting in young Thomas' death grew out of the crossing of electric light and electric railway wires was not correct. The boy was killed by taking hold of a guy wire that had come in contact with the trolley wire.

BOARD OF EDUCATION.

List of Primary Teachers Elected Last Night for Ensuing Year in the Different Districts.

All members of the Board of Education were present last night except Mr. Foxworthy, President Sallee in the chair.

When the minutes of previous meeting were read, Mr. Clark asked Mr. Heiser to explain in full the meaning of the amended rule offered by him and adopted at last meeting in reference to the qualifications of teachers in the higher grades. The amended rule as adopted requires that all teachers above certain grades shall hold a State certificate or a State diploma after 1902. Mr. Clark thought that under his rule the teachers already elected under the old rule would after next January be required to procure a State certificate or diploma if he or she did not already hold one. Mr. Heiser stated that the amended rule was not intended to affect the teachers already chosen, and would have no effect until after this year. Mr. Clark insisted that the amendment had not been legally adopted, and moved that it be stricken from the minutes. Some one moved that the amendment be amended so as to read after June 30th, 1903. Adopted. Mr. Clarke's motion to strike the amendment from the minutes received no second. He said he wanted to place the members of record.

The board then proceeded to elect the white primary teachers. Mr. Nesbitt called up his motion to increase the salary of said teachers from \$400 to \$500 a year. Objection was made to any increase, on account of the condition of finances. The board had already increased salaries \$400 or \$500 for ensuing year by adding another teacher. The motion was lost. The salary was then fixed at \$400 a year.

Mr. Arn moved that the board in electing teachers begin with District No. 1, and elect successively for the different grades in the districts in their regular order. Mr. Clark offered an amendment that all primary teachers be elected subject to assignment by the Committee on Districts and Teachers. The amendment was lost by a vote of 5 to 6, Messrs. Sallee, Clark, Schwartz, Davis and Nesbitt voting yea, and Messrs. Arn, Dawson, Samuel, Calvert, Barkley and Heiser no. Mr. Arn's motion was then adopted, by a vote of 6 to 5.

For teachers of first and second grades in District No. 1, the vote stood: Miss Marian Wormald, 7; Miss Allie Wells, 3; Miss Nettie Roe, 1. Miss Wormald was declared elected. For teacher of third and fourth grades, same district, Miss Belle Golling was unanimously re-elected.

For teacher of first and second grades in District No. 2, Miss Nettie Roe was elected, the vote standing: Mrs. Anna Ball, 4; Miss Nettie Roe, 6, and Miss Allie Wells, 1. Miss Florence Wilson was unanimously re-elected teacher of the third and fourth grades, same district.

Miss Sallie Burrows was re-elected teacher of first and second grades in District No. 3, only one vote being cast against her. For teacher of the third and fourth grades, same district, Miss

Eleanor Wallace was re-elected, by a vote of 9 to 2.

For teacher of the first and second grades in District No. 4, Miss Bessie Martin was re-elected by a vote of 9 to 2. For teacher of the third and fourth grades, same district, Miss Sue Grant was re-elected by a vote of 10 to 1.

The salary of the primary teachers of the colored schools was fixed at \$350 a year. A motion was adopted that these teachers be elected subject to assignment by the Committee on Districts and Teachers. These were chosen: Miss Julia S. Young, on first ballot; Miss Alice Simms, on second ballot; Miss Frances Strawder on third ballot; Miss Nannie Wood on fourth ballot, and Miss Bessie Strawder on fifth ballot.

Janitors were elected as follows: District No. 1, Mrs. Freda Bierley at her old salary—\$5 a month, with room rent and fuel free; High School, Mrs. Ennis Travis, at \$15 a month; District No. 2, Henry Robinson, at \$8 a month; District No. 3, Charles H. Cooper, at \$25 a month; District No. 4, Mrs. Ella Wood at \$8 a month; colored school, George Loughridge, at \$8 a month. The salary of janitors is the same at each school as last year except in District No. 4, where it was increased \$3 a month. The salary is for eleven months in each case.

The motion offered at last meeting by Mr. Heiser to have the schools open hereafter at 8:30 instead of 8 a. m. was laid on the table.

Mr. Schwartz moved that hereafter the intermediate department of the High School hold only one session daily, same as High School. Referred to Committee on Rules and Regulations.

Claims and accounts amounting to \$55.46 were allowed and ordered paid.

A motion was adopted that the law be complied with requiring the Treasurer's annual statement to be published.

The Treasurer's annual report was read as follows:

FIRM FOUNDATION.

Nothing Can Undermine it in Maysville.

People are sometimes slow to recognize true merit and they cannot be blamed, for so many in the past have been humbugged. The experience of hundreds of Maysville residents expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation.

Mrs. E. J. Thompson, of 911 East Second street, says: "Mr. Thompson procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, and speaks in high praise of their curative powers. Entire exemption from suffering from backache is something so entirely unusual that a remedy which acts so promptly and effectively, as did Doan's Kidney Pills, is a most desirable one of which to know."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Clearfield, Pa., June 21.—Patrick Gilday, president of the district miners' union, issued an official order reciting that bituminous coal is being shipped to points east to aid in breaking the strike in the anthracite region. In order to prevent this it is ordered that the output of northern and central Pennsylvania be restricted and the miners are notified not to work more than four days a week. The order is the result of an interview between President Gilday and National President Mitchell.

SARDIS, June 20.—We herald the sad news of a dark, bewildering and mysterious calamity befalling the little household of the Tomlin family, caused by the death of the child-wife of Harris Tomlin. After an illness of only three days, the end came on Monday afternoon, June 9, at the family residence in Sardis. Deceased was the only daughter of the late John W. Suit, and granddaughter of the late Capt. Crawford White, both of Sardis. About two years ago she was married, being at the time only fifteen years old. From the time the fatal disease of which she died made its appearance all that medical skill and loving friends could suggest was done to alleviate her suffering, but all was unavailing. Rev. F. J. Ross' tribute to the deceased was touching and truthful when speaking of her useful life in church and Sunday school work. The high esteem in which she was held was evidenced by the large number of friends that followed her to her last resting place in the beautiful garden of the dead at Shannon.
